## NEO VALVES

Model 3/375

## "Plug-In" Your Gas Appliances With Gas Convenient Outlets For BBQ's And Indoor Appliances

Gas Convenient Outlets are a safe and easy way to connect or disconnect moveable gas appliances.

Gas Convenient Outlets are designed for indoor or outdoor residential use and are suitable for use with either natural or LP gas. They are easy and safe to operate and require no tools.

### APPLICATIONS

- |                     |                        |
|---------------------|------------------------|
| • BBQs              | • Clothes Dryers       |
| • Portable Hot Tubs | • Decorative Lighting  |
| • Patio WOKS        | • Cooking Ranges       |
| • Garage Heaters    | • Fish Cookers/Smokers |
| • Space Heaters     | • Patio Heaters        |

Gas Convenient Outlets are suitable for patios and decks, garages, kitchens, laundry and utility rooms, basements, family rooms, and bathrooms.

### Benefits

- **RESIDENTIAL GAS CUSTOMERS:** Gas appliance installation and removal becomes simple, convenient and safe.
- **GAS UTILITIES:** Increase customer loyalty and load by promoting increased use of gas as an energy source.
- **DESIGNERS, BUILDERS & DEVELOPERS:** Create an "Upscale" market differentiation by providing Gas Convenient Outlets.

3/375 is manufactured by M.B. Sturgis and distributed in Canada by Neo Valves

### Features

- **INTERLOCKING SAFETY CAM AND LOCKING SLEEVE** prevent release of the appliance connector until valve is in the "OFF" position.
- **BUILT-IN THERMAL PROTECTION** to prevent gas flow if the outlet is exposed to temperatures in excess of 200° F (93°C)
- **NO TOOLS ARE REQUIRED** to connect or disconnect appliances for service, relocation, seasonal storage or cleaning.
- Minus 40° C temperature rating.
- **DESIGN CERTIFIED** by Canadian Standards Association and ANSI.
- Thousands of installations across Canada.

## NEO VALVES

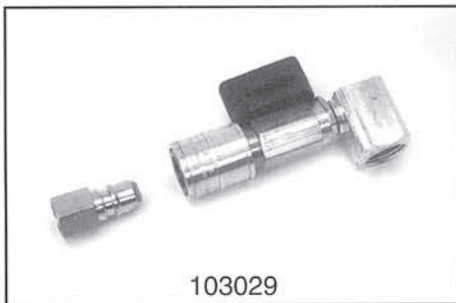

Model 3/375

**NEO VALVES STOCKS A WIDE SELECTION OF DIFFERENT PART NUMBERS TO SUIT SPECIFIC NEEDS OUR MOST POPULAR MODELS ARE SHOWN BELOW**

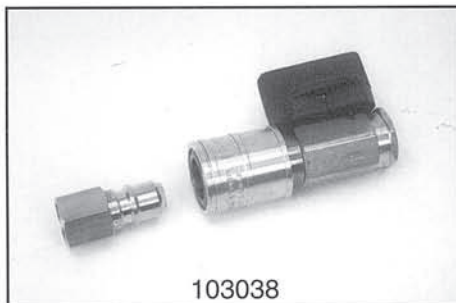

104014EXTMOD

This package includes the White, Black or Silver colour options. It is most popular for BBQ Applications, and is now offered in this new sleeker design to coordinate with today's new style appliances. A knockout panel on the top of the cover allows installation to surface piping also.

103029

The #103029 Gas Convenient Outlet does not use a cover. It can be mounted on a plate (for flexible piping) or piped directly, onto black iron pipe. It includes a plug but is also available without the plug as part #104014.

103038

The #103038 Gas Convenient Outlet has a straight-in inlet and plug. It is very popular for installing behind gas ranges where the aesthetics of the cover are not required.

### Accessories stocked by NEO Valves

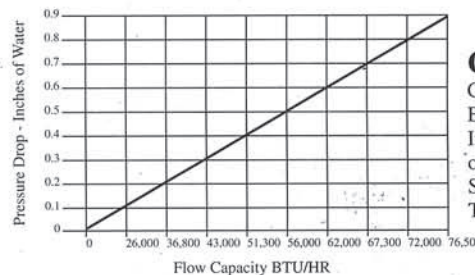

- Outdoor Hoses (Various lengths, grey and black)
- Indoor Appliance Connectors, stainless steel hose.
- Quick Connects
- Plugs, SAE (Male) and NPT (Female)
